Dear Rosenblum,

I have received your essay and I thank you very much for it. It will be really useful. We prepare an exhibition having as subject 'Paestum and the neo-doric styke' (the exhibition is now only in preparation and will not be held before 1983). This exhibition regards especially the architecture historians but my assistants and I we are charged with a figurative arts section.

I hope to see you very soon.

With best regards,

Sincerely yours, York University.

Please don't hesitate to let me know if you have any questions.
