Dear Embano -

Many thanks for your kind letter regarding the Cavallino. I am most interested in what you write. I want to buy the finest and if they are not known I think we can arrange the export.

Please send me some details, particulars or if possible photographs.

I have just been studying the Churchiest catalogue (Oct 29th - Christie's) - there are several items of possible interest. For example - the large landscape by Donatello. I do not understand this master well enough to pay a big price on my own judgement. I can buy Guardes or Canallets but one could get "stuck" in a sale like this - naturally everything will bring top prices.

Why don't you try to come over for a few days for the sale.

Cordially,

Julius

P.S. You know I can guarantee you will make your expenses!
